

# TB Survivor Story and Discussion

# Consider the Following

- What challenges does Nicole express related to having TB?
- What strategies does Nicole discuss that helped her during her treatment?

## Nicole's Story

# Discussion

- What were the most important points highlighted by Nicole?
  - Challenges
  - Strategies
- How do these points relate to current practices in TB nursing?

# TB Survivors Support Groups

- [We are TB](#), and [Somos TB](#) (for Spanish-speakers), is a community of TB survivors, people being treated for TB, and their family members, committed to the common goal of eliminating TB.
- The group provides comprehensive peer support for current TB patients and TB clinics.

# TB Support Group Discussion
